

Vadodara, February 04th, 2023: Chemcon Speciality Chemicals Limited, a leading manufacturer of specialized chemicals, such as Hexamethyldisilazane (“HMDS”), Chloromethyl Isopropyl Carbonate (“CMIC”) and inorganic bromides, announced its un-audited financial results for the quarter and nine months ended on December 31st 2022.

Financial and Operational Highlights

Total Revenue (Rs. Cr)

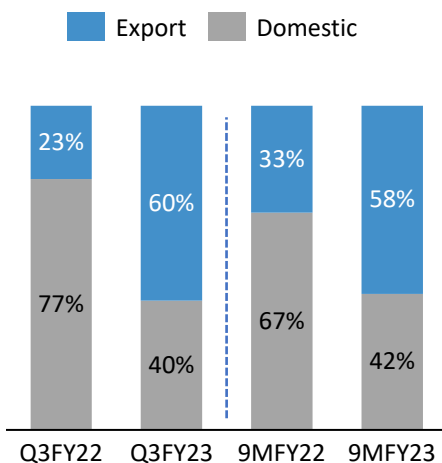

EBITDA (Rs. Cr)

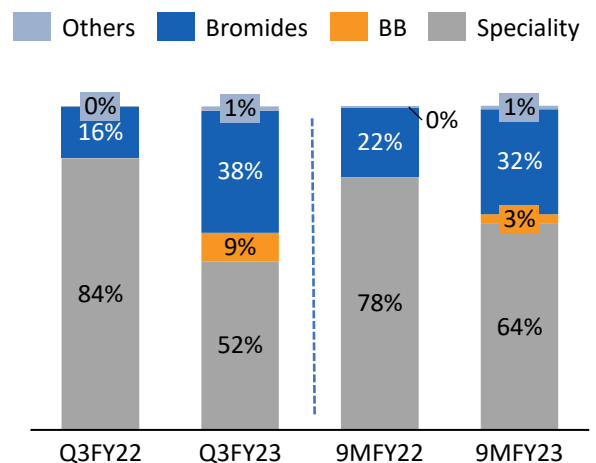

PAT (Rs. Cr)

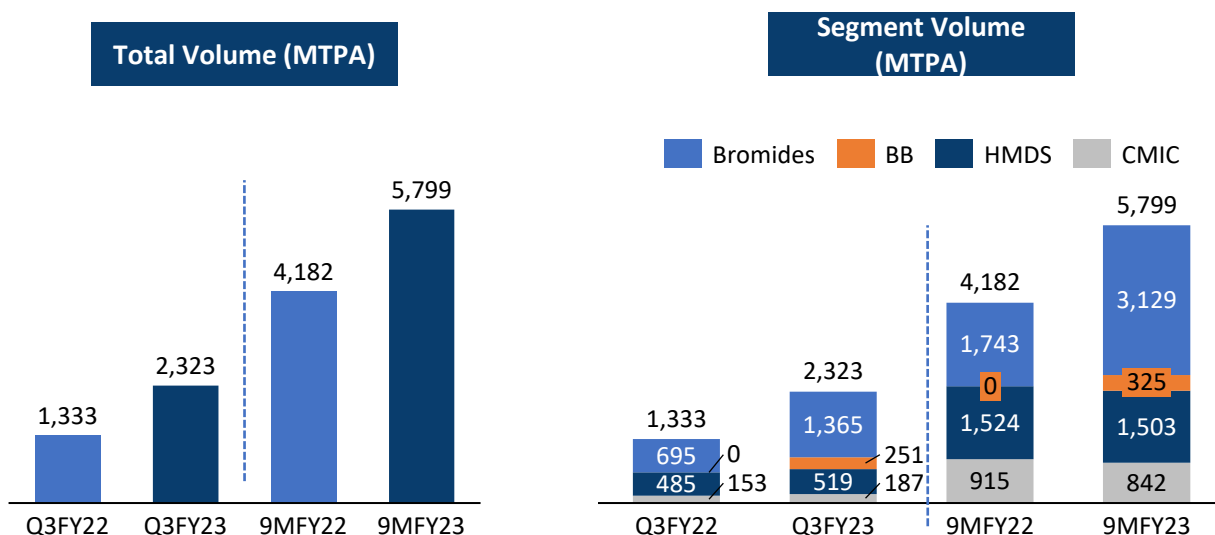

Geographic-Wise (%)

Business-wise (%)

Commenting on the results, Mr. Kamal Aggarwal, Chairman & MD said, “The company has reported a resilient performance during the quarter with a revenue of Rs 76 crores, a growth of 54% on YoY basis led by an increase in realisation and a stronger contribution from the export market. Our core product, HMDS and CMIC business has continued to remain weak due to soft demand from pharmaceutical producers in India.

We have been able to produce significant growth in both our bromides and new bromobenzene products on the back of healthy demand and better sourcing of key raw materials. BromoBenzene is a part of Organic Bromides, and is receiving good enquiries from global agrochemical players. We are awaiting regulatory approvals for a new pharmaceutical chemical, Guanine, at P9 Unit and expect to get a nod from them by end of this quarter. We expect to begin production of other pharmaceutical chemicals which are primarily imported at the P10 Unit by end of Q1FY24.

We expect the business momentum of HMDS & CMIC products to revive in coming period as we expect the pharma industry to recoup well. Due to a demand-supply gap, India imports HMDS & CMIC significantly. Being a global leader of these pharmaceutical chemicals, we are well-positioned to capitalize on future opportunities. We have done meaningful investments over the years to increase the product offerings and will continue to do so to create long-term sustainable growth.”

About Chemcon Speciality Chemicals Ltd.

Incorporated in 1988, we are a manufacturer of specialized chemicals, such as HMDS & CMIC which are predominantly used in the pharmaceuticals industry and inorganic bromides, namely Calcium Bromide, Zinc Bromide and Sodium Bromide, which are predominantly used as completion fluids in the oilfields industry. In terms of production in the CY2019, we were the only manufacturer of HMDS in India and were the third largest manufacturer of HMDS worldwide. We were the largest manufacturer of CMIC in India and the second largest manufacturer of CMIC worldwide. Further, we were the only manufacturer of Zinc Bromide and the largest manufacturer of Calcium Bromide in India. We have 9 manufacturing facilities located at Manjusar near Vadodara in Gujarat. Our business presence is spread across USA, Germany, Italy, S. Korea, China, Japan, UAE, Russia, Spain, Thailand and Malaysia. We are a ISO 9001:2015 and ISO 14001:2015 certified company for the “Manufacture and supply of pharmaceutical intermediates, silanes and oilfield chemicals”.
